

Addendum #2
**RFP #2009-03 TxVSN Professional Development for Inexperienced or
Experienced Online Instructors**

The purpose of this addendum is to answer a vendor question.

Question:

This is a clarifying question about the word limits for RFQ #2009-03. I see there is a 350 word maximum indicated for section V "Understanding of the project and methodology". Is there a word limit for section VI "Management plan for the project"? Also, in which section should the provider qualifications be included? It seems that addressing some of the bullets on page 4 of the RFQ could best go in either of the above sections, or could stand alone. If the provider qualifications could be included in a stand alone section, is there a word limit for that?

Answer:

The only stated word limit is on UNDERSTANDING OF THE PROJECT AND METHODOLOGY (350 words), however, proposers are encouraged to be brief and concise for all sections. There is not a specified word limit on MANAGEMENT PLAN FOR THE PROJECT.

The Provider Qualifications can be "stand-alone" or be incorporated into the Management Plan.

If there are any additional questions, please feel free to contact Region 10 at 972-348-1112 or 972-348-1110.
