

PARTNER PE

Administrative Guidelines and Curriculum Manual

Introducing a new resource for adapted physical educators, general physical educators, special education teachers, and parents in the need of activities and strategies to integrate students with developmental and physical disabilities into physical education programs. Created by adapted physical education professionals currently serving students in grades 6-12.

PARTNER PE provides:

- physical education strategies for grades 6-12.
- activities pairing age-appropriate peers in an integrated setting.
- modifications for students with developmental and physical disabilities.
- units of instruction including basketball, flag football, floor hockey, kickball, soccer, softball, volleyball, bowling, golf, tennis, track and field, physical fitness, and many others!
- a framework for implementing best practices in adapted physical education.
- rubrics for assessment of student proficiency.
